

TOMMY NOBIS CENTER

Abilities at Work

WHAT WE DO

With a diverse set of production and fulfillment capabilities, Tommy Nobis Center can be your solution for assembly, packaging and order-filling needs. Our extensive capabilities and facilities allow us to complete a wide variety of multi-step projects to meet your needs.

Our 39,000-square-foot warehouse is equipped with a full range of production and logistics capabilities including:

- 16 workstation assembly line
- Automated stretch wrapper
- Poly banding and strapping capabilities
- Heat sealing capability
- Video camera monitoring: exterior, warehouse and production areas
- Multiple, secure production areas available (key card access)
- Six loading docks and ground-level ramp available
- Warehouse racks with available pallet storage
- Forklifts
- Local pickup and delivery available
- On-going record of excellent customer satisfaction!

Team up with your community partner,
Tommy Nobis Center, and meet your business needs!
